

'By'eck Ma, it's parky out!'  
The Door2Tour.com

## WHAT TO TAKE WITH YOU?

A camera so you can take snaps of yourself by the various famous locations and a brolly just in case the heavens open.

## WHAT DO I WEAR?

You will predominantly be exploring the countryside so good footwear is a necessity. You may also need waterproofs, maybe wellies and warm clothing unless you visit when the British weather is behaving itself!

## WILL I BE VISITING THE ACTUAL SET?

As filming now takes place on a closed set, you will be visiting the original locations dotted around West Yorkshire, such as the market towns of Otley and Esholt.

## WILL THERE BE OPPORTUNITIES TO EXPLORE?

You will have the chance to get off the coach on several occasions to stretch your legs, take pictures and see the locations up close.

## ARE THERE ANY CATERING FACILITIES?

There are plenty of pubs, restaurants and cafes in both Otley and Esholt. You can also nip into the Inn known as 'The Woolpack' for a pint if there is time. Should you wish, you could also pack a small picnic if you're looking to save some pennies

## WHAT WILL I SEE ON THE TOUR?

Most of the outdoor filming of 'Emmerdale' took place in Esholt between 1976 and 1996. 'The Woolpack' and surrounding cottages are still instantly recognisable. You'll then continue to Otley which featured as 'Hotton' in the TV series. Most tours also feature visits to Holmfirth (the setting for 'Last of the Summer Wine') and Goathland which was used as 'Aidensfield' in 'Heartbeat'.

## WHEN IS THE BEST TIME TO VISIT?

With the Dales it is the luck of the draw where the weather is concerned, it could snow, rain or be brilliant sunshine – you can never tell! April/May are nice months to visit as spring is in full bloom. Summer should be hot & sunny but it can also be a washout. As it's outdoors, the beauty is that it's open all year round,

## WHAT IF I AM IN A WHEELCHAIR?

There is a fair amount of walking required especially if you wish to explore the locations featured in 'Emmerdale'. The Yorkshire Dales can be quite uneven so if you're unsteady on your pins, it might be best to avoid this tour or remain on the coach when others are exploring.

## CAN I TAKE PHOTOS?

Yes you can but those that are taken must be for personal use only.
